

Ohio's Return to Play Law Acknowledgement

Every player or their parent/guardian if the player is under 18, must read this waiver. By signing this waiver you signify each person has read, understands and abides by this information.

Per ORC 3707.52 as enacted by Ohio HB 143 of the 129th General Assembly, the Ohio Department of Health (ODH) is required to create a concussion and head injury information sheet for participants in youth sports and interscholastic activities. Starting April 26, 2013, this law requires a youth sports organization or event to provide this concussion information sheet to the parent or guardian of an individual who wishes to practice for or compete in an athletic activity organized by the organization.

Your signature acknowledges that you, as the parent or guardian of the listed player, have received information regarding concussions and head injuries in accordance with Ohio HB 143, effective April 26, 2013. I have also completed the requirements to be compliant with Ohio laws in regard to sudden cardiac arrest, referred to as Lindsay's Law.
